PRESCHOOL DASHBOARD PLACARD NEEDED for PARKING

There is no other way to put it... OUR Parking lot is CRAZY BUSY the first few days every year. Please be Patient!

It takes time for everyone to learn the route through the driveways and where it is ok to park.

Preschool families are authorized to park in the lot to the north of our entrance YOU MUST HAVE THE PROPER CARD DISPLAYED ON YOUR DASHBOARD. Parking monitors will not allow any other vehicles into parking spots without our BRIGHT PINK PLACARD. If you still need one for the first day, please stop by our office for one.

GETTING READY for this 'Award Winning' SCHOOL YEAR to BEGIN

Here are a few ways you can help make the transition into school go smoothly.

- Good bedtime routines allow for the proper rest after a busy day.
- Start the day with a healthy breakfast so tummies aren't growling during lessons and recess.
- Read to your child as often as possible. Watch their vocabulary grow and see their ability to follow instructions develop.
- Discuss school rules with your child so they have a clear understanding and see your support of keeping them safe.
- Create a special drop-off routine and good-bye so your child sees your confidence in them being cared for and having fun with us, and your desire to hear about their day at pick-up.
- Please do not linger in classrooms, hallways or playground. Some children get more upset the longer you hang around. The teachers and staff are prepared to help your child adjust.
- Being prompt at pick-up helps ease your child's anxiety as they watch others leaving at the end of class.
- Keeping your child home when not feeling well helps them fully recover to return ready to learn and protects others from possible virus infection.

USING ENROLLSY

I think everyone did quite well with setting up PINs and clocking children in on day 1. So YAY!! But if you do have any difficulty, please don't hesitate to ask someone to help you.

If you haven't already, you may download the app on your phones, then the next step is simple to set a PIN, or reset if needed.

- While your app is open, tap the person bubble in the top right corner of the screen.
- Click on MY ACCOUNT
- Click on RESET PIN
- Create a 4-digit PIN and click SET

Using the white lobby computers, at arrival each day, you will check-in by typing Last 4 digits of your account phone number, then typing 4-digit PIN next.

Checking in, a green button appears on the bottom of the screen, and again, at pick-up time you will check-out when a red button appears.

Make sure you are selecting the correct child, and class, then you must press green/in or red/out button. Ask us for help if needed.
